§ 101-47.302-2 Holding agency.

(a) The holding agency is hereby designated as disposal agency for:

(1) Leases, permits, licenses, easements, and similar real estate interests held by the Government in non-Government-owned property (including Government-owned improvements located on the premises), except when it is determined by either the holding agency or GSA that the Government's interest will be best served by the disposal of such real estate interests together with other property owned or controlled by the Government, that has been or is being reported to GSA as excess; and

(2) Fixtures, structures, and improvements of any kind to be disposed of without the underlying land with the exception of Government-owned machinery and equipment, which are fixtures being used by a contractor-operator, where such machinery and equipment will be sold to the contractor-operator.

(3) Standing timber and embedded gravel, sand, stone and underground water to be disposed of without the underlying land.

(b) GSA may act as the disposal agency for the type of property described in paragraphs (a) (1) and (2) of this section, whenever requested by the holding agency to perform the disposal functions. Where GSA acts as the disposal agency for the disposal of leases and similar real estate interests as described in paragraph (a)(1) of this section, the holding agency nevertheless shall continue to be responsible for the payment of the rental until the lease is terminated and for the payment of any restoration or other direct costs incurred by the Government as an incident to the termination. Likewise, where GSA acts as disposal agency for the disposal of fixtures, structures, and improvements as described in paragraph (a)(2) of this section, the holding agency nevertheless shall continue to be responsible for payment of any demolition and removal costs not offset by the sale of the property.

§ 101-47.302-3 General Services Administration.

GSA is the disposal agency for all real property and related personal property not covered by the above designations or by disposal authority delegated by the Administrator of General Services in specific instances.

§ 101-47.303 Responsibility of disposal agency.

§ 101-47.303-1 Classification.

Each surplus property, or, if the property is subdivided, each unit of property shall be classified by the disposal agency to determine the methods and conditions applicable to the disposal of the property. Classification shall be according to the estimated highest and best use for the property. When a single point of contact transmits a State review process recommendation, the Federal agency receiving the recommendation must either accept the recommendation; reach a mutually agreeable solution with the party(s) preparing the recommendation; or provide the single point of contact with a written explanation for not accepting the recommendation or reaching a mutually agreeable solution. If there is nonaccommodation, the agency is generally required to wait 10 calendar days after receipt, by the single point of contact, of an explanation before taking final action. The single point of contact is presumed to have received written notification 5 calendar days after the date of mailing of such notification. The 10-day waiting period may be waived if the agency
